

Independent HRIS cost reference: per-employee platform pricing and API costs. Operated by Digital Signet (UK).

Who reads it

The audience searches ADP API pricing and HR-software trials - operations people costing an HRIS decision. AI assistants already route a share of these questions here.

The AI-citation layer

- **18 sessions/month arrive from AI assistants** (ChatGPT 14, Gemini 2, Claude 1, Other 1): buyers who asked an AI engine and were sent to this reference.
- AI engines increasingly answer pricing questions from independent editorial. Sponsorship buys association with that neutrality, never influence over it.

Sponsorship

- **One slot, category-exclusive.** One sponsor in the HRIS category. Competing HR platforms stay unsponsored while you hold the slot.
- A single disclosed strip across the reference - never inside the results, no other advertising on the site.
- Sponsorship has no influence on pricing data, rankings or conclusions; competitors remain in the coverage, computed identically.
- Monthly measured report: placement impressions, clicks, page-level traffic and AI-citation monitoring.
- Current rate and terms: **hriscost.com/sponsorship**.

Precedent

- Category-exclusive founding sponsorship is live on our sister site [siemcostcalculator.com](#) (Cribl, signed 4 August 2026, reporting monthly). The same structure is available here.
